Mary Bartelme Park Chicago Park District

Design | Lead:

- Coordination of site needs: remediation plan and acquisition
- Lead design consultant, amending outsourced design to Park District standards
- Led public involvement process: elected officials, neighborhood organizations and community members
- Played key role in acquisition of funds
- Elevated CPD's new park design standards to embrace sustainability

Chris Gent | Landscape Studio

Client: Chicago Park District

Date: 2005 – 2010

Budget: \$5,250,000

Design Firm: Site Design Group

Mary Bartelme Park is located on the site of a former infirmary in Chicago's West Loop, an area that is rapidly changing from gritty industrial uses to crowded midrise condominiums. This 2.6-acre, one block park provides crucial green space for the West Loop community. Working closely with community members during design development and site programming, CG|LS lead designer, Gent, created a modern identity for the new neighborhood.
